Overseas students:

Students from outside Australia should read our "Information for Overseas Students"

The College will issue a "Certificate of Enrolment" when information required by the Department of Immigration has been supplied. The Certificate is required to complete your visa application. Overseas students must have prepaid the first semester of the Course before a Certificate of Enrolment can be issued. The College cannot provide "Overseas Student Health Insurance" so you must arrange this before the Department of Immigration will issue a Student Visa. The College cannot guarantee that a visa will be issued by the Department of Immigration.

Students whose first language is not English must provide their English test result:

We encourage you to come and look at our facilities, and to discuss your aspirations in the field of make-up and special effects. Please contact the College to make an appointment to meet us and view the College.

Government study assistance is available to eligible Australian residents who are full time students enrolled in accredited courses. Contact Centrelink for Details. Course code numbers are available from the College.

Because of the limited number of places available for each course it is advisable to return your application as soon as possible to avoid disappointment.
